Without limiting any other provision of this Contract, payment of the Contractor's compensation may, in the sole discretion of DHS, be tied to contract performance as follows:

Transition Payment: Eighty percent (80%) of the Transition Price may be invoiced at the end of the first two months of the Contract term after a successful implementation to operations as determined by the Department. Payment shall be made upon presentation of evidence that a successful transition to operations has occurred. Twenty percent (20%) of the Transition Price may be invoiced on or after August 1, 2010, following the Department's approval of the Contractor's successful commencement of the Operations Phase.

Operations Payment: One twelfth (1/12) of the annual operations payment shall be earned monthly and invoiced the month following the month in which services are performed. During any state fiscal year the Department may withhold up to twelve (12%) percent of the Contractor's annual compensation for Operations for failure to perform.

No amount shall be withheld when failure to perform is due solely to another's action or failure to act, including, without limitation, the Departments' action or failure to act.

The amount withheld for failure to perform a requirement or to meet a performance standard under this Contract shall be released to the Contractor upon presentation to the Department of a successful completion of a corrective action plan to correct the performance failure for which the amount was withheld. If there is an amount withheld at termination of this Contract or at the end of the Contract term, the amount withheld shall be placed in escrow, and the Contractor and the Department shall agree on steps the Contractor shall take to earn the balance in escrow.

7.2 Taxes

The State is exempt from Federal excise taxes, and no payment will be made for any taxes levied on Contractor's employee's wages. The State is exempt from State and local sales and use taxes on the contract deliverables.

7.3 Invoice and Payment

The Contractor shall submit an invoice monthly for deliverables rendered in accordance with this Contract. The invoice shall comply with all applicable rules concerning payment of such claims. The Department shall pay all approved invoices in arrears and in conformance with Iowa Code § 8A.514. The Department may pay in less than sixty (60) days, but an election to pay in less than sixty (60) days shall not act as an implied waiver of Iowa Code § 8A.514.

Unless otherwise agreed in writing by the parties, the Contractor shall not be entitled to receive any other payment or compensation from the Department for any deliverables provided by or on behalf of the Contractor under this Contract. The Contractor shall be solely responsible for paying all costs, expenses and charges it incurs in connection with its performance under this Contract.

7.4. Withholding Payments

In addition to pursuing any other remedy provided herein or by law, the Department may withhold compensation or payments to Contractor, in whole or in part, without penalty to the Department or work stoppage by Contractor, in the event the Department determines that: (1) Contractor has failed to perform any of its duties or obligations as set forth in this Contract; or (2) any deliverable has failed to meet or conform to any applicable specifications or contains or is experiencing a deficiency. No interest shall accrue or be paid to Contractor on any compensation or other amounts withheld or retained by the Department under this Contract.

If the total amount withheld for failure to perform a requirement or meet a standard under or this Contract is greater than one hundred dollars (\$100.00) for more than three (3) consecutive months during or after the term of the Contract the Contractor shall forfeit five (5%) of the withheld amount to the Department.

7.5. Overpayments to the Contractor

The Contractor shall pay to the Department the full amount of any erroneous payment or overpayment to the Contractor by the earlier of thirty (30) days after the Department's notification or the Contractor's discovery of the erroneous payment or overpayment.

8. Termination

8.1. Termination for Cause by the Department

The Department may terminate this Contract upon written notice for the breach by Contractor of any material term, condition or provision of this Contract, if such breach is not cured within the time period specified in the Department's notice of breach or any subsequent notice or correspondence delivered by the Department to Contractor, provided that cure is feasible. In addition, the Department may terminate this Contract effective immediately without penalty and without advance notice or opportunity to cure for any of the following reasons:

- h. The Department may terminate this Contract if the Department determines that the Contractor has breached a material term of the Business Associate obligations contained in this Contract, or, alternatively, the Business Associate is required to provide the Department with notice of the existence of an alleged material breach. The Department, in both situations, will afford the Business Associate an opportunity to cure the alleged material breach. In the event Business Associate fails to cure the breach to the satisfaction of the Department, the Department may immediately thereafter terminate this Contract.
- i. Contractor infringes or allegedly infringes or violates any patent, trademark, copyright, trade dress or any other intellectual property right or proprietary right, or Contractor misappropriates or allegedly misappropriates a trade secret;

 - 2. Seeking or suffering the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its assets;

3. Making an assignment for the benefit of creditors;
4. Failing, being unable, or admitting in writing the inability generally to pay its debts or obligations as they become due or failing to maintain a positive net worth and such additional capital and liquidity as is reasonably adequate or necessary in connection with Contractor's performance of its obligations under this Contract.

In the event of termination under this Subsection, the Department shall have the right to procure similar Contract services on the open market. The Contractor shall be liable for the difference between the original Contract price of services and the cost of such services from another bidder, and any other costs directly related to the Contractor's breach such as costs of competitive bidding, mailing, advertising, Department staff time and attorney's fees including reasonable time of the Attorney General's office. The Contractor shall have thirty (30) days after notice from the Department of the amount of such costs in which to submit payment unless an additional period of time is agreed to by the parties.

8.2. Notice of Default

If there is a default event caused by the Contractor, the Department shall provide written notice to the Contractor of the nature of the default. The Contractor shall have thirty (30) days, unless otherwise notified, after such notice to correct the problem(s) that resulted in the default notice. If the default is not corrected to the satisfaction of the Department within the specified time, the Department may immediately terminate the contract without additional written notice, or enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

8.3. Termination upon Notice

Following a ninety (90) day written notice, the Department may terminate this Contract in whole or in part without penalty and without incurring any further obligation to Contractor. Termination can be for any reason or no reason at all. The Department's right to terminate this Contract shall be in addition to and not exclusive of other remedies available to the Department, and the Department shall be entitled to exercise any other rights and pursue any remedies, in law, at equity, or otherwise.

8.4. Termination Due to Lack of Funds or Change in Law.

Notwithstanding anything in this Contract to the contrary, and subject to the limitations set forth below, the Department shall have the right to terminate this Contract (in whole or in part) without penalty and without any advance notice as a result of any of the following:

- a. The legislature or governor fail in the sole opinion of the Department to appropriate funds sufficient to allow the Department to either meet its obligations under this Contract or to operate as required and to fulfill its obligations under this Contract; or
- b. If funds are de-appropriated, reduced, not allocated, or receipt of funds is delayed, or if any funds or revenues needed by the Department to make any payment hereunder are insufficient or unavailable for any other reason as determined by the Department in its sole discretion; or
- c. If the Department's authorization to conduct its business or engage in activities or operations related to the subject matter of this Contract is withdrawn or materially altered or modified; or

- d. If the Department's duties, programs or responsibilities are modified or materially altered; or
- e. If there is a decision of any court, administrative law judge or an arbitration panel or any law, rule, regulation or order is enacted, promulgated or issued that materially or adversely affects the Department's ability to fulfill any of its obligations under this Contract.

The Department shall provide Contractor with written notice of termination pursuant to this section.

8.5. Limitation of the State's Payment Obligations

In the event of termination of this Contract for any reason by either party (except for termination by the Department pursuant to Section 8.1), the Department shall pay only those amounts, if any, due and owing to Contractor hereunder for deliverables actually and satisfactorily provided in accordance with the provisions of this Contract up to and including the date of termination of this Contract and for which the Department is obligated to pay pursuant to this Contract; provided however, that in the event the Department terminates this Contract pursuant to Section 8.5, the Department's obligation to pay Contractor such amounts and other compensation shall be limited by, and subject to, legally available funds. Payment will be made only upon submission of invoices and proper proof of Contractor's claim. Notwithstanding the foregoing, this Section 8.6 in no way limits the rights or remedies available to the Department and shall not be construed to require the Department to pay any compensation or other amounts hereunder in the event of Contractor's breach of this Contract or any amounts withheld by the Department in accordance with the terms of this Contract. The Department shall not be liable, under any circumstances, for any of the following:

- a. The payment of unemployment compensation to Contractor's employees;
- b. The payment of workers' compensation claims, which occur during the Contract or extend beyond the date on which the Contract terminates;
- c. Any costs incurred by Contractor in its performance of the Contract, including, but not limited to, startup costs, overhead or other costs associated with the performance of the Contract;
- d. Any damages or other amounts associated with the loss of prospective profits, anticipated sales, goodwill, or for expenditures, investments or commitments made in connection with this Contract; or

- b. Immediately cease using and return to the Department any property or materials, whether tangible or intangible, provided by the Department to Contractor.

- f. The Contractor's obligations under this section shall survive termination or expiration of this Contract.

8.7. Contractor's Default Cured by the Department

If, in the reasonable judgment of the Department, a default by the Contractor is not so substantial as to require termination, reasonable efforts to induce the Contractor to cure the default are unsuccessful and the default is capable of being cured by the Department or another resource without unduly interfering with continued performance by the Contractor, the Department shall:

- a. Provide or procure the service to cure the default, in which event, the Contractor shall reimburse the Department for the reasonable cost of the service,
- b. Immediately terminate the Contract without additional written notice; or,
- c. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

9. Confidential Information

9.1. Department's Confidential Information Relating to Members

The Contractor shall treat identifying information relating to Medicaid members that is obtained by it through performance under the Contract as confidential information to the extent that confidential information is protected under state and federal law and under the confidentiality requirements imposed by the Contract. 10.2. Procedure

The Department shall submit a Change Service Request to the Contractor, which shall include a detailed description of the requested service, the priority of the service, a date the service is needed, and a date for submission of a proposal by the Contractor. In its proposal, the Contractor shall describe the procedure and schedule to be employed for the requested service and identify the number of hours necessary to complete the service by labor category and the associated cost to implement the change request. If necessary, the Contractor and the Department shall meet to discuss and clarify any issues related to the requested service. Upon written approval by the Department, the Contractor shall perform the requested service and receive payment according to the terms agreed to by the parties and based upon the rate specified in the Contractor's cost proposal.

If the Department does not accept the Contractor's proposal, the Department may withdraw or modify its Change Service Request. If the Department modifies its Change Service Request, the procedures set forth above shall apply.

10.3. No Agreement on Change Service Request

If the parties are unable to reach an agreement in writing within fifteen (15) days of receipt of the Contractor's proposal or modified proposal, the Contract Administrator shall make a determination of the compensation, procedure or schedule, and the Contractor shall proceed according to procedures set forth in Section 22.35 Contract Disputes Section.

11. Assessment of Damages

The Department will notify the Contractor in writing of the proposed assessment of actual or liquidated damages. If the Contractor disputes the assessment, it must challenge the assessment in writing pursuant to Section 22.35 Contract Disputes.

- e. Workers' compensation insurance covering the Contractor's employees as required by Iowa law.

12.2. Coverage

All insurance policies required by the Contract shall be occurrence based and shall insure against any loss or damage resulting from or related to the Contractor's performance of this Contract regardless of the date the claim is filed or expiration of the policy.

The Contractor's insurance shall insure against any loss or damage resulting from work performed under the Contract. All insurance policies shall remain in full force and effect for the entire term of the Contract. Each policy shall name the State of Iowa and the Department as an additional insured or loss payee, as applicable. The Contractor and any subcontractor performing work under the Contract shall provide certificates of the required insurance to the Department at the time of execution of the Contract or at a time mutually agreeable to the parties. The certificates shall be subject to approval by the Department. Acceptance of the certificates shall not relieve the Contractor of any obligation under the Contract.

The Contractor shall obtain a waiver of any subrogation rights the insurance carrier may have against the Department or the State of Iowa and the waiver shall be indicated on the certificate of coverage.

12.3. Subcontractors

The Contractor shall require any subcontractor to purchase and maintain similar policies of insurance as described in this Subsection.

13.1. Transition

The Contractor shall post an irrevocable letter of credit or performance bond acceptable to the Department in an amount equal to fifty percent (50%) of the transition price. The surety shall be in force during the Transition Phase of the contract and shall remain in force until the Department approves, in writing, the completion of the successful

13.2. Operations

The Contractor shall post another or an irrevocable letter of credit or performance bond acceptable to the Department for the Operations phase. The amount shall be based on a declining graduated formula adjusted and posted with the Department on an annual basis. Beginning on July 1, 2010, the amount shall be equal to twenty percent (20%) of the total operations price for the three (3) Base Contract Years (as described in Section 6.0), without regard to the Contract Renewal Option Years [e.g. (20%) x (the sum of costs for three (3) years)]. Each year thereafter, the amount of the bond or irrevocable letter of credit shall be calculated by multiplying by the number of years remaining in the base contract times twenty percent (20%) of the total cost of the contract for the remaining years. [E.g. 3 x 20%; 2 x 20% etc.] Should the Department choose to extend the contract by exercising any or all of its three (3) one (1) year options, the bond or irrevocable letter of credit shall be calculated by multiplying twenty percent (20%) of the cost for that option year. The surety shall be in force from the beginning of the Operations Phase until the Contract is terminated or expires and shall be delivered to the Department at the beginning of the Operations Phase.

A surety authorized to do business in Iowa that is acceptable to the Department shall issue the performance bond or irrevocable letter of credit. The performance bond or irrevocable letter of credit shall provide funds to the Department for any liability, loss, damage, or expense as a result of the Contractor's failure to perform fully and completely all requirements of the Contract. Such requirements include, but are not limited to, the Contractor's obligation to indemnify the Department under circumstances described in the Contract, and the Contractor's obligation to perform the services required by the Contract throughout the entire term of the Contract.

13.3. Delivery and Duration

The Contractor shall deliver the Letter of Credit or Performance Bond, original in form, to the Agency before performing any services pursuant to the Contract, and in all cases no later than fifteen (15) calendar days following final execution of the Contract. The Letter of Credit shall be in place for the base term of the Contract and will renew annually to cover the entire Contract period.

13.4. Letter of Credit as Performance Security

The Contractor shall maintain an irrevocable Letter of Credit with payment in favor of the Agency as provided herein. Attachment 1 of the Contract is the form required for this purpose. The Letter of Credit includes any amendments, additions, or replacement letters (collectively referred to as "Letter of Credit") and shall be issued by a financial institution that is well capitalized pursuant to Federal Deposit Insurance Corporation (FDIC) or National Credit Union Administration (NCUA) guidelines, that is FDIC or NCUA insured, that is registered to do business in the State of Iowa, and that has a physical presence in Iowa ("Issuing Bank"). If at any time the Issuing Bank fails to satisfy these requirements for any reason, Contractor shall obtain a substituted Letter of Credit from another institution. Contractor shall pay the cost of maintaining the Letter of Credit.

13.5. Nonrenewal of Letter of Credit

In the event the Agency receives a Notice of Non-Renewal from the Issuing Bank, the Contractor must provide a substituted Letter of Credit for the next Contract year no later than sixty (60) calendar days prior to the expiration of the Letter of Credit then in effect.

Any substituted Letter of Credit shall be submitted on the form provided as Attachment 1 to the Contract and provide for automatic renewal as described herein. A lapse of the Letter of Credit will be a material breach of the Contract.

13.6. Rights to Draw on the Letter of Credit

The Agency shall have the right to draw upon the Letter of Credit in one or more drawings for either a portion or the full amount upon occurrence of any of the following events: (i) the Contract has been terminated by the Agency for cause; (ii) the Contractor is in default under the terms of the Contract and any notice period provided in a notice of default has expired; or (iii) the Contractor is in default under the terms of the Contract and the issuance of a notice of the default is barred or stayed by law. The Agency may draw upon the Letter of Credit as often as any of the foregoing events occur up to the full amount of the Letter of Credit.

13.7. Amendment

Contractor shall promptly cause the Letter of Credit or Performance Bond to be amended if the Agency reasonably requests an amendment, such as to change the address for notices'. If the Letter of Credit is lost, stolen, or damaged, Contractor shall cooperate with Agency to replace such Letter of Credit.

14. Indemnification

14.1. General Indemnification

The Contractor shall defend, indemnify and hold harmless the State of Iowa, the Department, its employees and agents from any and all liabilities, damages, settlements, penalties, judgments, fines and claims, and all related costs and expenses, including expert fees, reasonable value of time incurred by the Attorney General's office, and the cost and expenses and reasonable attorney's fees of other counsel required to defend the State of Iowa or Department, related to or arising from:

- a. Any material breach of this Contract; or

software, commodity, or service infringes any United States or foreign patent, copyright, trademark, trade secret supplied or used by the Contractor or any subcontractor to perform this Contract, or the operation of such equipment, software, commodity or service, or the use or reproduction of any documentation provided with such equipment, software, commodity or service, or other proprietary right of any person or entity, which right is enforceable under the laws of the United States. In addition, should the equipment, software, commodity, or service, or operation thereof, become the subject of a claim of infringement, the Contractor shall at the Contractor's sole expense and at the Department's sole discretion.

- a. Procure for the Department the right to continue using the equipment, software, commodity, or service, or, if such option is not reasonably available to the Contractor,
- b. Replace or modify the same with equipment, software, commodity, or service of equivalent function and performance so that it no longer infringes, or, if such option is not reasonably available to the Contractor,
- c. Accept its return by the Department with appropriate credits to the Department against the Contractor's charges and reimburse the Department for any losses or costs incurred as a consequence of the Department ceasing its use and returning it.

The above remedies shall be in addition to and not exclusive of other remedies provided by this agreement or by law.

The indemnification obligations contained in Section 14 shall survive the termination of this Contract.

15. Operating Systems and Software Applications

15.1. Software and Ownership

- c. Proprietary software that the Contractor has the right to license to the Department and in which the Contractor agrees to deliver the source code and updated and current documentation, including but not limited to JCL, work flow, product process, applications, and interfaces upon final acceptance and any updates thereto upon termination and to grant to the Department or its designee at no charge a perpetual, irrevocable, fully paid-up license to use, reproduce, duplicate and modify such software and associated documentation for the sole benefit of the Department. If the Contractor procures under the Contract a license for operating systems software or utilities to be used solely to perform services for the Department, the Contractor agrees to obtain such license in the name of the Department, if the Department is permitted to grant the Contractor the right to use such software solely to provide services to the Department during the term of the Contract. In such event, the Department agrees to grant to the Contractor, at no charge during the term of the Contract, subject to customary confidentiality and other license terms and conditions, the right to use such software solely to provide services to the Department included in Attachment 3.

15.3. Third Party Software

If the Contractor is using another party's software, upon final acceptance, the Contractor shall grant the Department a non-exclusive, perpetual license to use the third party software and its updated documentation for the Department's internal business purposes. The licenses will continue until the Department permanently discontinues the use of the third party software. The terms in any license for third party software shall be consistent with the requirements of this Subsection. In the event of a conflict between the terms of any such license and this Contract, this Contract shall take precedence and supersede such license terms.

Prior to utilizing any third party software product that may be included as part of a software deliverable to the Department, the Contractor shall provide to the Department copies of the license agreement from the licensor of the third party software to allow the Department to pre-approve the license agreement which must, at a minimum, provide the Department with necessary rights consistent with the IME needs.

16. Equipment & Software Installation and Operation

Installation for all equipment, software, applications and interfaces will occur as described in the contractor's work plan. Any installations done by the Contractor or its designated agent shall be conducted by experienced and trained staff and shall not invalidate or void any manufacturers' warranties. Installations shall not interfere with the execution of any other software component, application or interface.

The Contractor shall conduct its installation services so as to minimize interference with normal activities of the Department and shall keep the site safe and clean at all times. The Contractor will restore the site to a condition no less finished than prior to the initiation of the installation. Upon completion of installation Contractor will leave the site clean and free from all materials, tools and equipment not required after installation. The Contractor represents and warrants that the system and software delivered under the Contract shall be free from defect and capable of performing the Contract services when operated by the Department. The Contractor agrees to correct errors discovered in the design and installation of the software not due to the fault or negligence of the Department. Any enhancement or other changes that may be undertaken during the performance of the Contract will be covered by this warranty. The Contractor represents and warrants that no "anti-use" devices have been or will be installed in the software. The "anti-use" warranty shall survive termination of the Contract.

In the absence of a specification for the performance of any portion of this Contract, the parties agree that the applicable specification shall be the generally accepted industry standard. So long as the Department notifies Contractor of any services performed in violation of this standard, Contractor shall re-perform the services at no cost to the Department, such that the services are rendered in the above-specified manner, or if the Contractor is unable to perform the services as warranted, Contractor shall reimburse the Department any fees or compensation paid to Contractor for the unsatisfactory services.
- d. **Compliance with Law Warranty:** The Contractor represents and warrants that the deliverables will comply with any applicable federal, state, foreign and local laws, rules, regulations, codes, and ordinances in effect during the term of this Contract, including applicable provisions of Section 508 of the Rehabilitation Act of 1973, as amended, and all standards and requirements established by the Architectural and Transportation Barriers Access Board and the Iowa Department of Administrative Services, Information Technology Enterprise.

The deliverables (and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such deliverables); and the Department's use of, and exercise of any rights with respect to, the deliverables (and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such deliverables), do not and will not, under any circumstances, misappropriate a trade secret or infringe upon or violate any copyright, patent, trademark, trade dress or other intellectual property right, proprietary right or personal right of any third party. Contractor further represents and warrants there is no pending or threatened claim, litigation or action that is based on a claim of infringement or violation of an intellectual property right, proprietary right or personal right or misappropriation of a trade secret related to the deliverables. Contractor shall inform the Department in writing immediately upon becoming aware of any actual, potential or threatened claim of or cause of action for infringement or violation of an intellectual property right, proprietary right, or personal right or misappropriation of a trade secret. If such a claim or cause of action arises or is likely to arise, then Contractor shall, at the Department's request and at the Contractor's sole expense:

Contractor hereby irrevocably assigns, transfers and conveys to the State and the Department all right, title and interest in and to all deliverables and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such deliverables, including copyrights, patents, trademarks, trade secrets, trade dress, mask work, utility design, derivative works, and all other rights and interests therein or related thereto. Contractor represents and warrants that the State and the Department shall acquire good and clear title to all deliverables, free from any claims, liens, security interests, encumbrances, intellectual property rights, proprietary rights, or other rights or interests of

Contractor or of any third party, including any employee, agent, contractor, subcontractor, subsidiary or affiliate of Contractor. The Contractor (and Contractor's employees, agents, contractors, subcontractors, subsidiaries and affiliates) shall not retain any property interests or other rights in and to the deliverables and shall not use any deliverables, in whole or in part, for any purpose, without the prior written consent of the Department and the payment of such royalties or other compensation as the Department deems appropriate. Unless otherwise requested by Department, upon completion or termination of this Contract, Contractor will immediately turn over to Department all deliverables not previously delivered to Department, and no copies thereof shall be retained by Contractor or its employees, agents, subcontractors or affiliates, without the prior written consent of Department.

- b. **Waiver.** To the extent any of Contractor's rights in any deliverables are not subject to assignment or transfer hereunder, including any moral rights and any rights of attribution and of integrity, Contractor hereby irrevocably and unconditionally waives all such rights and enforcement thereof and agrees not to challenge the State's rights in and to the deliverables.
- c. **Further Assurances.** At the Department's request, Contractor will execute and deliver such instruments and take such other action as may be requested by the Department to establish, perfect or protect the State's rights in and to the deliverables and to carry out the assignments, transfers and conveyances set forth in Section 17.3 and 17.4.
- d. Notwithstanding anything to the contrary in this Subsection, the Contractor shall be free to use and employ its general skills, know-how and expertise and to use, disclose and employ any generalized ideas, concepts, know-how, methods, techniques or skills gained or learned during the course of performing services under the Contract, so long as it acquires and applies such information without disclosure of any confidential or proprietary information of the Department and without any authorized use or disclosure of work product developed in connection with the Contract.

17.5. Publications

Prior to completion of all services required by this Contract, Contractor shall not publish in any format any final or interim report, document, form or other material developed as a result of this Contract without the express written consent of the Department. Upon completion of all services required by this Contract, Contractor may publish or use materials developed as a result of this Contract, subject to confidentiality restrictions, and only after the Department has had an opportunity to review and comment upon the publication. Any such publication shall contain a statement that the work was done pursuant to a contract with the Department and that it does not necessarily reflect the opinions, findings and conclusions of the Department.

17.6. Authorization

Contractor represents and warrants that it has the right, power and authority to enter into and perform its obligations under this Contract and has taken all requisite action (corporate, statutory or otherwise) to approve execution, delivery and performance of this Contract, and this Contract constitutes a legal, valid and binding obligation upon itself in accordance with its terms.

17.11 Warranties Implied by Law

Warranties made by the Contractor in this Contract, whether: (a) this Contract specifically denominates the Contractor's promise as a warranty; or (b) the warranty is created by the Contractor's affirmation or promise, by a description of the deliverables to be provided, or by provision of samples to the Department, shall not be construed as limiting or negating any warranty provided by law, including without limitation, warranties that arise through course of dealing or usage of trade. The warranties expressed in this Contract are intended to modify the warranties implied by law only to the extent that they expand the warranties applicable to the deliverables provided by the Contractor.

The provisions of section 17 apply during the term of this Contract and any extensions or renewals thereof.

18. Liabilities

18.1. Other Department Contractors

The Contractor acknowledges and agrees that the Department shall not be responsible for or liable to the Contractor or its subcontractor(s) for any damages that may be suffered by the Contractor as a result of any act or omission of any other contractor of the Department. The Department will subrogate its right to pursue an action against the third party contractor to the Contractor so that the Contractor may pursue a remedy from the third party contractor whose act or omission harmed the Contractor or its subcontractors

18.2. Legislative Changes

The Contractor expressly acknowledges that this Contract is subject to state legislative change or by changes imposed by the federal government. Should either enact or promulgate measures that alter the Iowa Medicaid Enterprise project, the Contractor shall not hold the Department liable in any manner for the resulting changes. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the five (5) year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular five (5) year period, whichever is later. The Contractor shall retain all medical records for a period of six (6) years from the last date of service for each patient; or in the case of a minor patient or client, for a period

The Contractor shall not impose a charge for audit or examination of the Contractor's books and records. Based on the audit findings, the Department reserves the right to address the Contractor's board or other managing entity regarding performance and expenditures. When state or federal law or the terms of this Contract require compliance with OMB Circular A-87, A-110, or other similar provision addressing proper use of government funds, the Contractor shall comply with these additional records retention and access requirements:

- a. Records of financial activity shall include records that adequately identify the source and application of funds. When the terms of this Contract require matching funds, cash contributions made by the Contractor and third party in-kind (property or service) contributions must be verifiable from the Contractor's records. These records must contain information pertaining to contract amount, obligations, unobligated balances, assets, liabilities, expenditures, income and third-party reimbursements.

This provision shall not be construed as waiving any immunity to suit or liability including without limitation sovereign immunity in State or Federal court, which may be available to the Department or the State of Iowa.

22.9. Immunity from Liability

Every person who is a party to the Contract is hereby notified and agrees that the State, the Department, and all of their employees, agents, successors, and assigns are immune from liability and suit for or from Contractor's and/or subcontractors' activities involving third parties and arising from the Contract.

Circumstances must be abnormal and unforeseeable, so that the consequences could not have been avoided through the exercise of all due care, such as acts of God, war, civil disturbance and other similar causes. The delay or impossibility of performance must be beyond the control and without the fault or negligence of the parties. "Force majeure" does not include: financial difficulties of the Contractor or any parent, subsidiary, affiliated or associated company of Contractor; claims or court orders that restrict Contractor's ability to deliver the deliverables contemplated by this Contract; strikes; labor unrest; or supply chain disruptions. If delay results from a subcontractor's conduct, negligence or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract unless the subcontractor or supplier is prevented from timely performance by a "force majeure" as defined in this Contract. If a "force majeure" delays or prevents the Contractor's performance, the Contractor shall immediately use its best efforts to directly provide alternate, and to the extent possible, comparable performance. Comparability of performance and the possibility of comparable performance shall be determined solely by the Department. The party seeking to exercise this provision and not perform or delay performance pursuant to a "force majeure" shall immediately notify the other party of the occurrence and reason for the delay. The parties shall make every effort to minimize the time of nonperformance and the scope of work not being performed due to the unforeseen events. Dates by which performance obligations are scheduled to be met will be extended only for a period of time equal to the time lost due to any delay so caused.

The provisions of Iowa Code chapter 68B shall apply to this Contract. If a conflict of interest is proven to the Department, the Department may terminate this Contract, and the Contractor shall be liable for any excess costs to the Department as a result of the conflict of interest. The Contractor shall establish safeguards to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being, motivated by the desire for private gain for themselves or others with whom they have family, business, or other ties. The Contractor shall report any potential, real, or apparent conflict of interest to the Department.

22.23. Joint and Several Liability

Where feasible or applicable under the Contract, the Contractor agrees to make a reasonable effort to subcontract with small businesses.

22.30. Waiver

Except as specifically provided in a waiver signed by the Department and the Contractor, failure by either party at any time to require performance by the other party or to claim a breach of any provision of the Contract shall not be construed as affecting any subsequent right with respect thereto.

22.31. Certification of Compliance with Pro-Children Act of 1994

Contractor must comply with Public Law 103-227, Part C Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act). This Act requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the deliverables are funded by federal programs either directly or through State or local governments. Federal programs include grants, cooperative agreements, loans or loan guarantees, and contracts. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities (other than clinics) where WIC coupons are redeemed.

The Contractor further agrees that the above language will be included in any sub-awards that contain provisions for children's services and that all sub-grantees shall certify compliance accordingly. Failure to comply with the provisions of this law may result in the imposition of a civil monetary penalty of up to \$1000 per day.

22.32. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

By signing this Contract, the Contractor is providing the certification set out below:

- a. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- b. The Contractor shall provide immediate written notice to the person to whom this document is submitted if at any time the Contractor learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
- c. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principle, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this document is submitted for assistance in obtaining a copy of those regulations.
- d. The Contractor agrees by submitting this document that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Agency or agency with which this transaction originated.
- e. The Contractor further agrees by submitting this document that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- f. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. A participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
- g. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. - h. Except for transactions authorized under paragraph d of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the Agency or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
 - 1. The Contractor certifies, by submission of this document, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 - 2. Where the Contractor is unable to certify to any of the statements in this certification, such Contractor shall attach an explanation to this document.

If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of the Congress, or an employee of a Member of Congress in connection with this Contract, grant, loan, or cooperative agreement, the applicant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- c. The Contractor shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C.A.
